Research, Teaching, Policy & Practice

STADSGEHOORZAAL, LEIDEN, THE NETHERLANDS

The EACH Forum on Healthcare Communication provides an excellent opportunity for the community of healthcare **researchers**, **educators** and **practitioners** to retreat for a period of intensive interactive learning with colleagues from around the world.

The event is structured as a series of high-quality, **HALF-DAY WORKSHOPS** which will not only **share knowledge** but, importantly, provide new and **practical skills**. Also on offer are two inspirational **plenaries** & great opportunities for collaboration and **networking** which includes a welcome drinks reception, event dinner and **POSTER EXHIBITION with ORAL PITCHES**.

CALL FOR SUBMISSIONS will go live in mid-February. More information about the event will be advertised on the EACH website: www.each.eu/events/conferences
